

ALLIES WERE SUCCESSFUL IN ALL FOET CENTRES YESTERDAY Heavy Bombardment West of Meuse—Rome Hears Bad News of Roumania

PLAYED A HEROIC PART IN ST. ELIO DEFENCE

Canadian's Bravery In Recent Fight Described

Desperate Deeds In Desperate Needs Told Of.

(By Times Special Wire.)
Ottawa, Ont., April 15.—Heroic and effective work by the Canadians in resisting the determined attacks by Germans at St. Eloi last week is detailed at length in the weekly eye-witness communication received this morning at the Militia Department. It reads:
Throughout the week April fourth-eleventh vigorous efforts were made by the Germans to recover the ground lost by them at St. Eloi. The struggle for possession of the mine craters marking the original German line was intense and bitter. The frontage taken by the British from the Germans did not exceed six hundred yards. On the night of April 2-3 the Sixth Canadian Infantry Brigade relieved the weary British troops in the new line. The honor fell to our 27th City of Winnipeg and 31st Alberta Battalions.
On April 5th the daily German bombardment was renewed with increased severity. Our troops suffered many casualties, and as companies of our 27th Battalion held the advanced positions for three days and nights under exceptionally trying conditions, it was decided to relieve them. Companies of our 29th Vancouver Battalion, under the command of Captain G. I. Gwynne and Lieut. W. E. O'Brien, were detailed for the purpose. The relief was planned to take place on the morning of April 6th, between the hours of 1 and 3 o'clock.

At 2 o'clock scouts of the 27th Battalion, who had been out in front of the trenches, came in and reported all quiet. At 3 o'clock a terrific bombardment was started by the German artillery.
At 3:30 a. m. the Germans attacked. Immediately the German batteries opened fire on the British positions. The bombardment was directed against the enemy's positions, and valuable assistance was given by the artillery of the British forces on our right and left. Prior to opening his bombardment the enemy had contrived to deploy a whole Battalion opposite our lines. These troops advanced in fairly close formation, apparently in the belief that our front line trenches could not longer be occupied. Over the length of the demolished trench but little resistance could be offered to them. Machine guns had been smashed or buried, rifles were clogged with mud. The few men who in this or that isolated group still remained unaccounted for were hopelessly outnumbered. With scarcely a check the enemy passed over them, and seized two of the larger craters. To the right and left of the gap in our front line through which the enemy had penetrated our parapets and trenches had been badly shattered by the bombardment, but resistance was still possible.

ROUMANIAN DEAL WITH HUNS MUCH WIDER THAN THOUGHT

Rome Hears, but Doubts, Sinister News—True to Entente, Says a Leader.

Rome, April 15.—(New York Times cable.)—The latest news shows a rapprochement between Roumania and the Central Empires much graver than was at first suspected, as it is the first step towards a general agreement between Germany and Roumania for a commercial agreement. News from German sources assert that this agreement goes deeper still, that the Central Empires have acknowledged that Roumania, even if it does not join them, at least will not fight against them.
Political and military circles here, however, are skeptical as to the Roumanians being affected by the proposals of either side, and will support only the ultimate victor.

WILL CONTINUE FIGHT FOR VILLA In Washington's Plan While Dealing With Carranza.

But Col. McLaren Will Forego Leave.

(By Times Special Wire.)
Washington, April 15.—While negotiations are under way by the State Department for a discussion with Gen. Carranza of his proposal for the withdrawal of the American troops from Mexico, the hunt for Francisco Villa will continue.
Apparently the immediate withdrawal of the American forces in Mexico is not contemplated. It is understood that the success of the so far fact government in demonstrating its intention and ability to hunt down Villa and his bandits, in the event the American expedition is realized, would have great weight with President Wilson in reaching a decision regarding the matter.
The foregoing makes it appear that the 19th has been given a much deserved rest after its spell of three fighting in the trenches. Col. McLaren intended taking a short leave of absence, but Mrs. McLaren said she believed he is so worn out that he is too tired to do so. The many relatives of the Hamilton men serving with the 19th will be glad to learn that they have been granted a respite for a few days.

TRIED TO KILL NEW VICEROY HUNS VIOLENT ON U. S. NOTE

(By Times Special Cable.)
London, April 15.—The statement on which Baron Chemsford, the new Viceroy and Governor-General, was proceeding to India, was unhesitatingly attacked by a submarine, which was torpedoed, but missed its aim. The vessel was accompanied by his wife and his four daughters, and the steamship had on board an unusual number of women and children.

BERLIN FORCED VIENNA IN WAR

(By Times Special Cable.)
London, April 15.—(New York Times cable.)—The statement that Dr. Liebknecht, the German Socialist leader, has obtained possession of important documents showing that Austria was forced into the war by the Polish party, and that the decision of Vienna and Budapest, was made in a letter to S. R. N. Lowe, of Spilburg Manor, Budapest, and the well-known Danish Socialist.

WON WAR CROSS AT 67 YEARS

(By Times Special Cable.)
Paris, April 15.—Sergeant Auguste Bernard, 67 years old, is cited in a regimental order by the colonel commanding the 12th Infantry, as follows:
"An honored veteran of the war of 1870-71, who served at the age of 67 for the duration of the present war, and was placed in echelon service. He insisted on going in the first line of the trenches, and by his fine attitude, high spirits and courage, he has been a great help to his comrades."

MONTREAL CAPITALISTS GET CONTROL OF STEEL COMPANY

Stock This Morning Sold At the Highest Figure It Has Ever Brought

New Owners Will Demand Six Per Cent. On Common Stock and Other Things.

(Special to the Times.)
Montreal, April 15.—Montreal financiers have secured control of Steel Co. of Canada, common stock. For weeks past buying has been steadily forcing the price upwards and transactions have been at previous records, averaging from six thousand to ten thousand shares a day.
Now it is said about 75,000 shares of common have passed into the hands of a Montreal group, who are getting their names transferred so that at the annual meeting they will hold proxies sufficient to give them control.
Amongst their demands are a six per cent. dividend and greater representation for Montreal on the board of directors. It is understood that the directors recognize the force of the Montreal men's claims that they have given assurance it will be accepted. This means that the six per cent. dividend will commence in the third quarter of the year and will thus only draw three per cent. from the Montreal men's pockets. The stock is well known, are running over \$700,000 a month.

WORKMAN KILLED CONSCRIPTION DEPUTATION HAS RETURNED

Got No Promise From the Premier Except of Early Consideration.

The deputation of the Hamilton Recruiting League which went to Ottawa to present to Sir Robert Borden, Premier of Canada, the league's memorial for some form of compulsory service, returned this morning. The municipalities returned to the city this morning and most of the members felt that the Premier's remarks were encouraging.

WM. HENDRY DEAD

A Resident of Dundas for Past Sixty Years.

Dundas, April 15.—A long life and a quiet, peaceful death was the portion of William Hendry, one of the town's most respected citizens, who passed to his great reward this morning in his 81st year. A native of Aberdeenshire, Scotland, he came to Canada about 1855 and with the exception of two years spent in Hamilton had resided here ever since. For some time he had been suffering from a failing disposition. Besides the Methodist Church and a man of very fine character, though a retiring disposition. In St. Paul's Church to-morrow evening Dr. Drummond will have for his subject the subject "An Old Time Home of Paper and Military Register." In these modern times one inclines to the belief that conditions are entirely different from all that have gone before, but this is not so. Dr. Drummond will endeavor to show that the 7 o'clock service to-morrow evening, Rev. J. T. Cosby, of Wesley Church, will preach at the morning service.

YOUNG MR. SMITH

Young Mr. Smith thinks that the time has come to "cut out" the "old" and "bring in" the "new." His own excuse was a very good one—the sole support of his mother. By uniting with the "old" and "bring in" the "new" he thought to himself to be home should be quick to follow.

The Gloom That Pervades No. 16 at Ottawa

(BY GADSBY)

(Special to the Times.)

Ottawa, April 15.—Certainly a deep gloom has been cast over this city since the outbreak of the war. It is a gloom that is not a gloom of the body, but a gloom of the soul. It is a gloom that is not a gloom of the mind, but a gloom of the heart. It is a gloom that is not a gloom of the intellect, but a gloom of the emotions. WILL WE EVER WALK ON AIR? WHEN THE BARNIES CIDDLE DOON

(BY ELPETH)

For on your heart no Christmas peace can fall,
The chimel bells are a tootin, and the
Slow the Yule-wodden embers shall
A myriad smouldering pyres of murder dead.

And anguish wailing in the wintry
Shall with its dirges down the
And round your hearth the curse shall
Of low hearts laid waste to suit
your whim.

And you shall think on athen left for
On temple-slaves, made desolate at
While wear a white-robed child, this
Shall chant their greeting to the
birth of God.

For there is none for you, nor can be
For still shall memory, like a fated
Poison your life-days while the slow
hours run.

Till you are stifled in the dust of
death.

BRITISH FORCE HEAVY FIGHT

Casualty Lists Prove That a Struggle is Raging.

Protests Made as to Lack of Fair Reports.

London, April 14.—Evidence that heavy fighting has been going on along the British front in France recently is given in the casualty lists of the last day's fighting. The list contains the names of 24 officers killed and 107 wounded, presumably the men who participated in the St. Etienne fighting with the Canadians.

There is a good deal of comment on the brevity of the official reports of the recent fighting. The actions, it is said, were of a nature to be learned with talks with men on leave, have been of great importance, so have been of great importance, so have been of great importance.

Wilson's Note

Latest Message on German Sub. Warfare to be Harsh.

Will Contain 65 Indictments of Illegal Acts.

Washington, April 14.—President Wilson's last warning to Germany on the submarine issue will be called the Berlin note. It was approved by the Senate Foreign Relations Committee and the House Foreign Affairs Committee.

The note will be in the nature of an ultimatum, although no time for Germany's reply will be set. It is made clear to Germany that the consequences of diplomatic relations will depend upon modified rules of submarine warfare and Germany's good faith in adhering to the principles of the law of nations.

THE THEATRES

AND THOSE IN THE FOOTLIGHT GLOW

A PLAY OF MANXIANISM.

Manxianism, with its unusual customs, its legends and its myths, has served Hall Caine for some of his most successful novels. When he, in collaboration with Louis N. Parker, wrote "Pete and the Manxman," as well as parts of his other works, for the benefit of the Manxman, he was not the first to introduce the Manxman to the stage. Hall Caine has come to America on a tour in the United States, Canada, and other countries, and he is now in the city of New York. He is the author of many novels, and his knowledge of Manx character and his participation of Manx types have filled many books and plays. "Ben My Croo," "The Houseman," "The Deemster," and "The Manxman" having had enduring fame.

"Near Gretna Mountain, says Deemster Caine, 'or rather on the side of it, is my father's study, where he wrote 'Pete and the Manxman.' Strange to say it was originally a shelter for cattle, where they could wander from the winds and storms. When the cattle were removed to another part of the estate my father took the building, had it cleared out inside and made suitable and cozy, with its seven fireplaces, just one big room. Here he wrote 'Pete.' There is a human interest in the story. It has had six revivals since then in England. I have appeared all six, playing the role of 'Pete' over six hundred times. The stage settings are actual copies of real Manx places. That of 'Catie Mawney's' where the Deemster is installed in the play is a realistic reproduction of the interior of the house of a Manxman. The laws are made, the legislative office of the Manxman, which my father is proud to have been a part of."

Deemster Hall Caine, under Henry Miller's direction, will present "Pete and the Manxman" at the Grand on Thursday evening next, and will be placed on sale Monday morning.

"MISS MODISTE." Hal Johnson has written a mirth-provoking farce in "Miss Modiste," full of burlesque and tongue-in-cheek, which makes it a veritable scream from start to finish. It is a "one man" show, and consequently Mr. Johnson has surrounded himself with such talented people as Lillian Forrester, Eva Swinburne, etc. Inasmuch as there have been many imitations of Mr. Johnson, who were no doubt encouraged by his phenomenal success in the "Arrival of Kitty," it is stated emphatically that Hal Johnson himself will appear at the Grand next Tuesday evening. When the above attraction plays here, seats are now on sale.

"IN OLD KENTUCKY." The history of the American stage does not record a more enduring success than that achieved by "In Old Kentucky," which comes to the Grand Opera House Good Friday and Saturday, April 21 and 22, with a matinee each day at special prices. This famous American play, from its first triumph at the Boston Theatre, where it played a most successful spring engagement in the big historic playhouse in which it achieved its first New England success more than a decade ago, is now on its regular tour of the country. The very elaborate and pretentious production provided for use in the Boston Theatre will be seen here, and the company will be headed by Miss Louise Murray, who always charms players with her splendid portrayal of the brave mountain heroine of the play, "Madame Frier." Seats will be placed on sale Wednesday.

"ROLLING STONES." Edgar Selwyn's great comedy of adventure, "Rolling Stones," is located at the Grand for two nights and a matinee, Friday and Saturday, April 21 and 22.

"BIRTH OF A NATION." Many of the critics who have been closest in their extinctions of American dramatists announce their belief

that D. B. Griffith has "put over" the greatest American play at last. Mr. Griffith's wonderful spectacle-drama, "The Birth of a Nation," is referred to as the unique offering at the Grand on Monday, Tuesday and Wednesday.

of-doors. In brief, he staged the great battles, struggles and critical events of 1861-1870 under natural conditions as nearly as possible similar to the original. The result of Mr. Griffith's efforts is a new and splendid art for which no adequate name has yet been found. "The Birth of a Nation" combines spectacle, romance, domestic drama, comedy, tragedy, music and mechanical effects into a harmonious ensemble that captivates equally the eye and the ear. In a presentation lasting two hours and forty-five minutes, it epitomizes the life of a nation. This is something the old art could never do. The

objects so-called "stage utilities" are shown to the winds, and Griffith carries the magnificent story from the introduction of African slavery right down through the Civil War and reconstruction days to the final union of South and North in the bonds of love and peace. Among the distinguished actors in the cast are Henry B. Altshul, Lillian Gish, Miss Marsh, Miriam Cooper, Mary Alden, Josephine Crowell, Ralph Lewis, Joseph Henshaw, Harold Walsh, Donald Crisp, Howard Chase, George Seigman, Walter Lord, Elmer Clifton and Robert Barron. Eighteen thousand people, 3,000 horses and no less than 2,000 scenes went into the making of the big spectacle. The greatest of all photo-productions will return to the Grand with the same big symphony orchestra of thirty musicians. Seats go on sale Thursday.

TEMPLE. Tango Shoes is the name of Billie Burke's latest hit and it will headline an excellent bill of vaudeville and motion pictures at the Temple Theatre next week. Burke is well known as one of the cleverest variety managers in the business and his many feature attractions for several seasons past have been welcomed by the audience for their refreshingly novel and the showmanship exhibited in their presentation. Tango Shoes is a big, big, big chorus offering, and in the usual Burke style and introducing many novel ideas. It has been emphasized by all over the circuit and is bound to attract more than passing attention during the Hamilton engagement.

Another spectacular dancing novelty, but on widely different lines from the Burke offering, will be presented by Billie Oberita and girls. They are said to be wonderfully nimble on their feet and the act is enhanced by brilliant electrical effects.

Bert and Betty Wheeler are newcomers who have been scoring hard in the big American shows. They have a laughable vaudeville and dancing number entitled "Charlie Chaplin's Double." Theirs, without an accompaniment, other acts and five reels of really worth while motion pictures, comprises the lineup for the coming week. Beauty, Youth and Folly is the Savoy's attraction for the coming week. Regular burlesque patronage

JULIA CLIFFORD, WITH THE "BEAUTY, YOUTH AND FOLLY" COMPANY AT THE SAVOY THEATRE ALL NEXT WEEK.

The programme offered comprises two one-act musical reviews, the book and lyrics of which have been provided by Billy K. Wells. Wm. H. Farrell, composer of many popular melodies, wrote and arranged the score, and Ray H. Peters staged the ensemble numbers. The two offerings are entitled "A Night on a Roof Garden" and "Oh You Seashore." The former gives an opportunity of board burlesque on the modern dance craze and the latter is a scenic burlesque that is most laughable. There is also an olio composed of all star vaudeville acts.

At the head of the cast there is the well known burlesque comedian, Eddie Swartz, and in addition there are also George Hickman, Arthur Delmore, Alf. P. James, Kate Prior, Julia Clifford and the famous Isabella Sabini.

"UNCLE TOM'S CABIN." "Uncle Tom's Cabin," the show that will never die, was the attraction at the Grand Opera House last evening, and, needless to say, it was a packed house that witnessed the initial performance and such conditions are most likely to exist at all future performances. Today for William Kibbie's company, which is the best on the road today, playing this show, proved quite popular. There are the bloodhounds, old-time dainties, Little Eva, Topsy and the other characters that go to make this play one that every child is always anxious to see, but those taking the parts with this show are all highly competent. Gus Collins, in the role of Uncle Tom, was very good throughout, while Baby Bernice as Little Eva, and Edna Clare as Topsy, the girl who never was born, proved popular with the children. C. C. McKeeman, in the role of Simon Legree, was also good, and Joseph Barnes, in the comedy role of Mark, lay over was the best ever. The show will be repeated twice today.

FAIRY OPERETTA. Possibly no performance during Hamilton's music year is better qualified to be called an entertainment than the Operetta given by the younger students of the Conservatory of Music. A music institute naturally ever unto itself a selected body of young people, and when this body unites under such favorable auspices as the Conservatory an attractive and unusual result. The school has found their annual "fest together" of its students of inestimable value in the practical working out of the students' education and in the improvement of their art. It is a realizable ability to student and instruction. The idea has been taken from the Operetta and the young people of Pastor week and performed at the Grand Thursday and Saturday morning.

EGGS—MORE EGGS. For many years Canada produced more eggs than she needed and was a net exporter. In addition to the regular consumption there has been an increasing demand for artificially fresh eggs for hospital requirements. The call for fresh eggs has been as insistent as the call for coals and red cross Canada. Canadian eggs inspected and graded have found a ready market. This market has held during the war and after the war it is now ready to take advantage of it. Particular attention is given to this question. The Agricultural War Book for 1916. The outlook as to demand and prices is such as to warrant our people giving careful consideration to it. Thousands of families that do not keep fowl have an opportunity of instructions and suggestions are available in every province. The Dominion Department of Agriculture has a number of very valuable bulletins and every province of Canada has well organized poultry branches ready to give advice. It is a most interesting

The Tablets never fail to cure constipation and they are given to the youngest child with perfect safety. EXTEND INCLINE

Controller to Again Confer With G. F. Webb.

Controller Holson, celebrated among civic officials for his industry, is going to have another whirl at the Vancouver street incline matter. He feels Geo. F. Webb, the owner, will meet him in that way and undertake the reconstruction of the railway so that the still grade at the head of the street is overcome, while the Grand Trunk tracks to the north of the T. & N. are crossed underneath via a concrete subway.

"However, I am going to see Mr. Webb and talk the situation over with him again," explained the controller.

SOME BEAUTY DON'TS.

A Few Simple Habits That Help Stave Off Sebums.

Don't wear false shoes and gossamer if the feet are sore. The feet will have that pinched, chilled look that is so unbecoming. Don't economize in shoe water; it is economy made well, and it will keep your feet cool. Don't give up taking exercise even if the weather is bad. A brisk walk on a cold day is a complexion beautifier. Don't fail to dry your hands thoroughly after washing if you wish to prevent them from getting cracked. Don't forget to wear a veil if your skin is susceptible to cold winds. Don't wear heavy hosiery. It is very bad for the hair. Don't let your room get hot and stuffy. Always leave the window slightly open at the top. An excellent lotion for preventing the color of fair hair from becoming faded is the color of camellia flowers. An ounce of these should be placed in a bowl and about a pint of boiling water poured over them. Cover the bowl and allow to stand for a couple of hours. Then strain the water and use occasionally, dabbing it into the roots of the hair. The more fair hair is brushed the better it looks. Brushing gives a gloss which eventually becomes permanent.
